RRSP-H-02 Large steam boiler, you get one boiler and small metal tube and two tops. One top is a spark arrestor and the other top is a flip top to keep the rain out.

Price is \$5.00

HO Kit Price list

RRK-H-01 - This is our first all resin kit with complete interior. The kit is of a backwoods garage. It comes with a resin base and all the walls and lift off roofs. The gas pump and a set of separate castings come with the kit. The interior is complete with work benches, tires etc. The detail is also molded into the wall framing with cans and tools. This kit is simple to build and will offer detail that will have everyone looking twice to see what they missed. I have even developed simple painting directions to make the resin look like wood. So check it out and see if this is a kit that would fit on your layout. The kit comes with paper signs. In fact we even threw in a outhouse. I will offer this one built and painted for those of you that asked.

Price is \$50.00

Well here is our second resin cast kit. Tried to come up with something different you may have not seen yet. This a a complete resin building with the detail molding into the walls. More of these to come just looking for good subjects.

RRK-H-03 - Here is a our latest HO kit the single car garage w/interior. I can remember these garages when I was a kid full of old junk and cob webs. I added all the interior for you all you have to do is paint it and some minor assembly. The base has some great detail as you can see in the pictures below. All you need to to do is add your favorite car and you are good to go. The kit is designed to be a single car garage behind a house that lets out into the alley behind the house. You can see the trash cans in the alley. If that does not work for your knock down the fences and have a stand alone garage. A lot of different things you can do with this one. The car in pictures below is not included. Will make another home garage with peaked roof in the future. The base measures 4" by 3 1/2". The kit does require some minor assembly and painting.

Price is \$20.00

HO Scenes

RRMS-H-01 - Here is our first scene for HO. This is a Moon Shine Still that will fit nicely in some back woods area. Just check out the details, the jugs ready to fill, a stack of firewood to keep the still running, a pile of corn for mash, even a good old boy taking it easy. So check out the pictures above and see what you could do with this one. All resin castings. Measures 4" by 2 1/2" and 2" high. **Price is \$10.00**

Rusty Rail HO Scale Price List
All Prices Subject To Change

RRMS-H-02 - Well as you can see I'm having fun with the scenes. This one is just good old fun. As you can see the scene is full of detail with the shed and all the junk laying around. Then the old trick of lets push the outhouse over with someone inside. Good clean fun. All resin castings. Measures 5" by 3" and 1 1/2" high.

Price is \$12.00.

RRMS-H-03 - This casting is another junk car. The car is a 1927 Chevrolet sedan that has seen better days. The original cars were sold by Harry Brunk a few years ago. Harry has granted Rusty Rail the right to cast these cars and we cast the 2 door version in last months news letter, in a junk scene. So I hope you enjoy this one. Check out the fence this is molded into the casting. This is a one piece casting. That back fence is begging for some old posters. This car could be behind a house the trash cans in the alley. I will have some more junk cars coming soon. All resin castings. Measures 3" by 2 1/2" and 1" high. **Price is \$6.00.**

Rusty Rail HO Scale Price List
All Prices Subject To Change

RRMS-H-04 - We have all come upon a ruin of a old house or cabin with only the chimney standing and some of the foundation. This scene can be dropped in to any place on your layout out in the boon docks. Some of the wood floor and junk are still laying around. The casting measure 4" by 3" by 2". **Price is \$5.00.**

RRMS-H-05 -Here is another great junk car that can be placed behind an old building. The auto has a wood bed. Lots of junk laying around. If you only want the car do like I do some times and cut the rest of the casting out. The casting measure 3 1/2" by 2 3/4" by 1". **Price is \$6.00.**
